EXPANDING TRELLIS DOOR

Retail and commercial
Suitable for both internal
and external use

The KRGS Expanding Trellis Door combines robust design with functional elegance. Allows you to have a versatile barrier at any length. These commercial Expanding Trellis Doors have no floor track eliminating any trip hazards. Ideal for secure and stylish entryways, this door offers both flexibility and strength, making it the perfect choice for a variety of applications.

Suitable applications include shopping centres, shop fronts, club and hotel bars, counter tops, kiosks, arcades, serveries, sporting clubs and stadiums, airports, schools, crowd control and doorways.

Expanding Trellis Doors are supplied in a eco friendly Satin Black powdercoating.

Supply and install Expanding Trellis Door manufactured by KRGS Roller Grilles and Shutters 1800 897 822.

A DOOR DESIGN WITH YOU IN MIND

MOBILE TRELLIS BARRIER

KRGS
ROLLER GRILLES
AND SHUTTERS

KRGS Expanding Trellis Door Perfect for large openings, designed to provide a full, unobstructed space when open. Whether for a small shop or a large storefront, this versatile door requires no floor track, offering a seamless, space-saving solution. Enjoy maximum accessibility without compromising on security or style.

CURTAIN The expanding trellis door features a durable trellis pattern mounted on a strong top suspension track. It is crafted from 25mm vertically aligned aluminum sections, which are securely joined together by trellis linkages. These linkages ensure consistent spacing between the vertical aluminum sections. All sliding connections in our doors are crafted from industrial-grade molded nylon, ensuring superior strength, durability, and smooth operation.

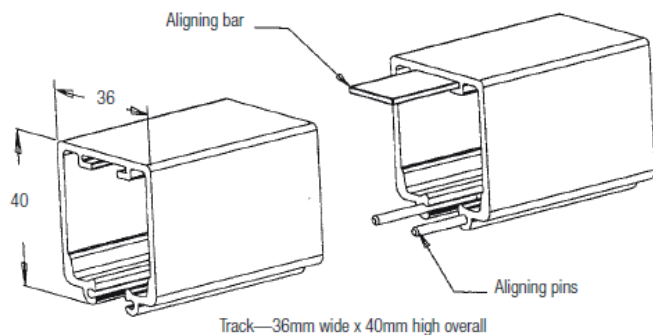

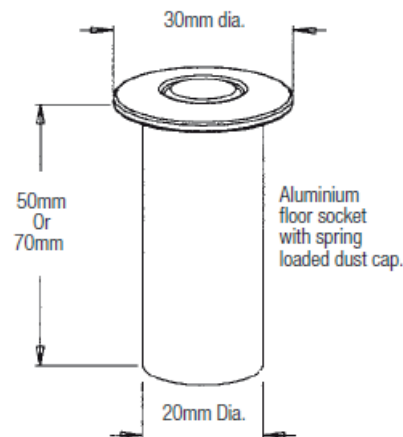

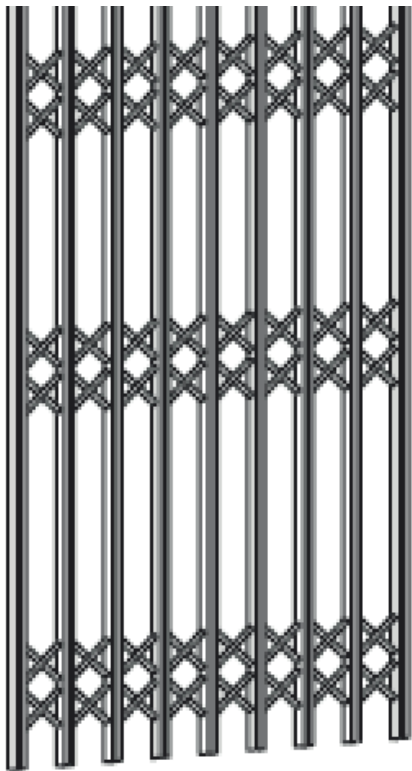

TRACK is to be constructed from sturdy aluminium 36mm wide by 40mm high. The track has a unique aligning pin and bar system to ensure smooth operation of the closure.

LOCKING is via a key system which throws a steel rod up through the top track and also one down into a dust proof floor socket that is drilled into the floor. Key Operation is from both inside and out. Keys are not required to lock the doors. Multiple doors can also be keyed alike.

WEIGHT AND STACKING Door weights are approximately 10kg per square metre. The stacking size for every 3000mm panel is 600mm. Always contact KRGS Technician for accurate stacking details.

OPERATION All Expanding Trellis Doors are manual operation. The Door is designed so that all modes of operation and locking is at the user standing level.

FINISH Eco friendly powdercoat Satin Black is the standard

WARRANTY A 12 month warranty against defective materials and workmanship applies.
